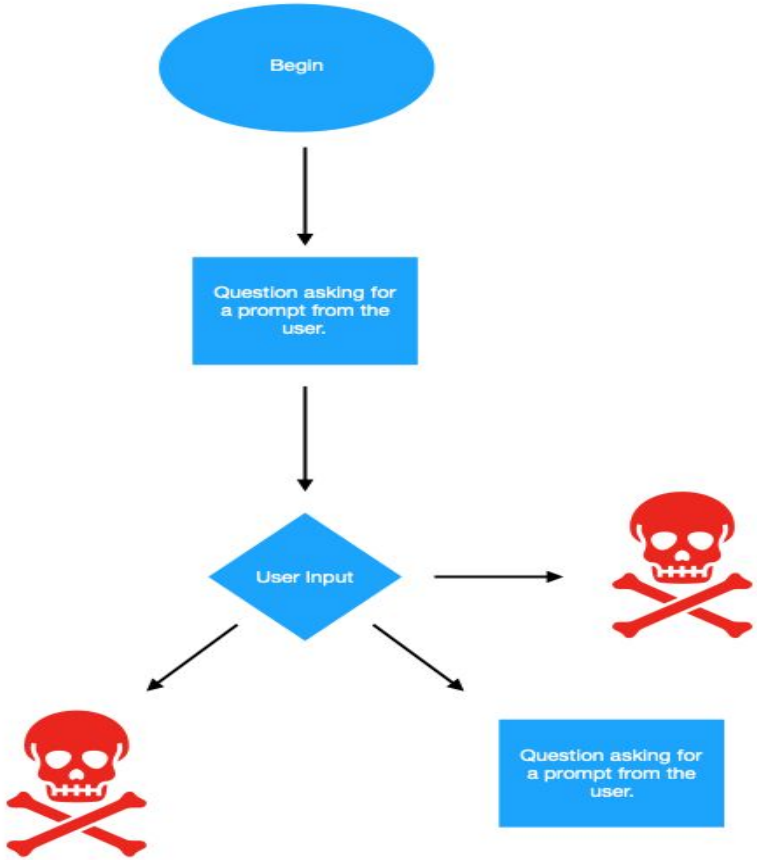
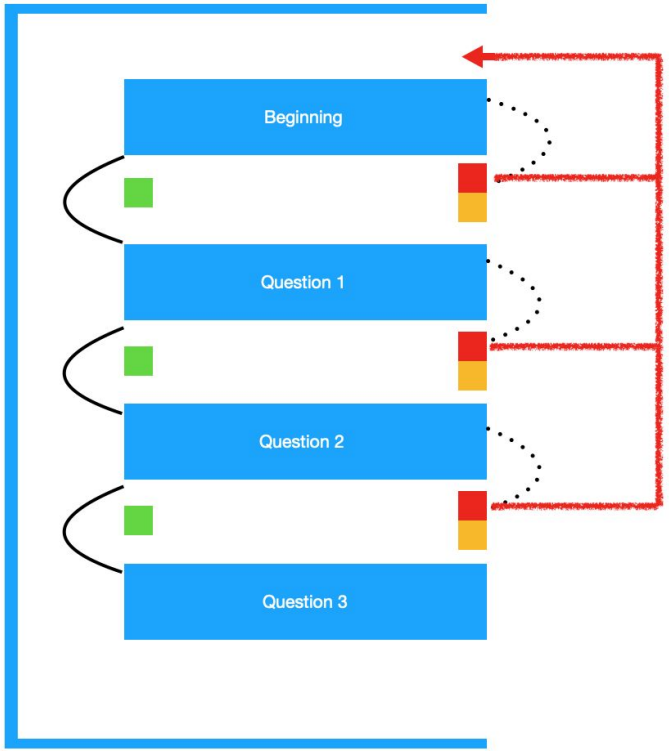
About The Game

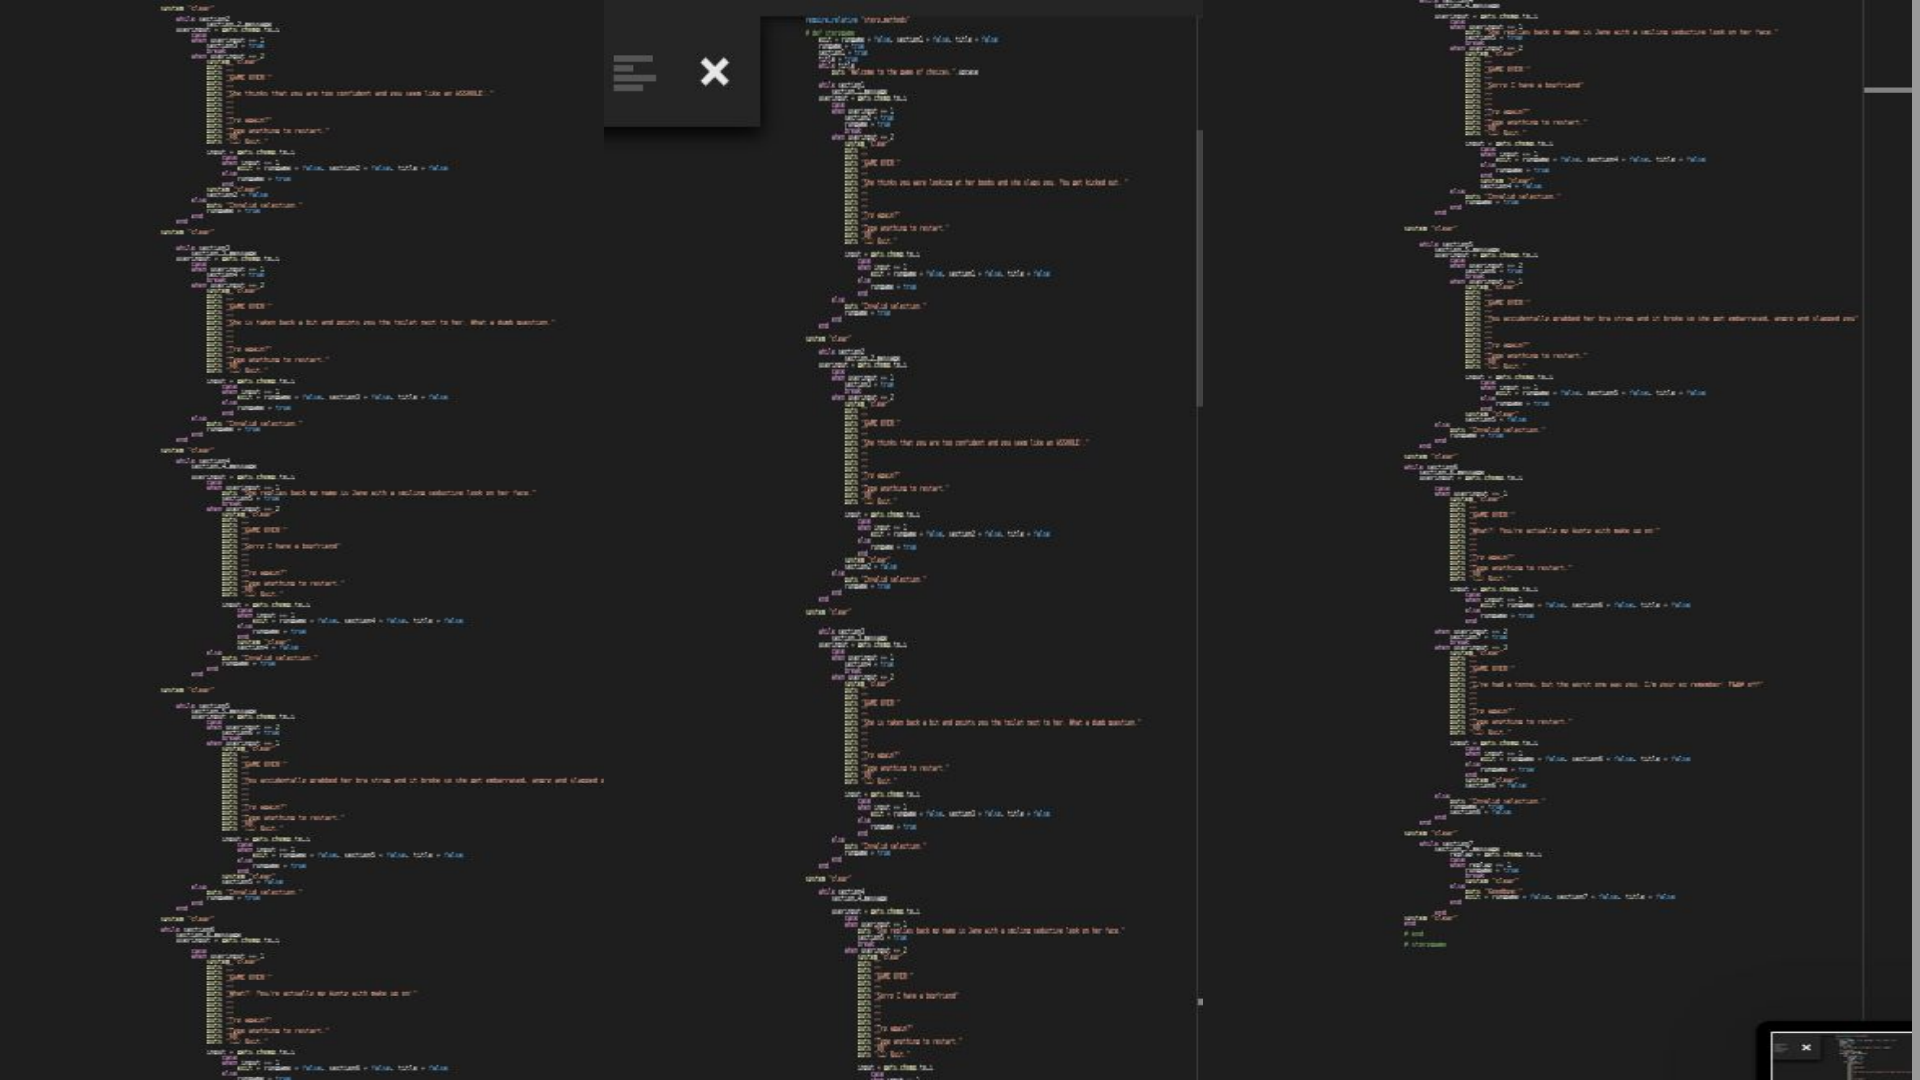
We are passionate about building great products that make people’s lives funnier. We have over 3 weeks of experience strategizing innovative digital experiences for small startups to the world’s biggest brands.

Bar Story Game App V -1



Current Problems





README.md | storygame1.rb | Presentationideas.pages | story_methods.rb

Find

```ruby
require_relative "story_methods"

# def storygame
    exit = rungame = false, section1 = false, title = false
    rungame = true
    section1 = true
    title = true
    while title
        puts "Welcome to the game of choices.".upcase

    while section1
        section_1_message
    userinput = gets.chomp.to_i
        case
        when userinput == 1
            section2 = true
            rungame = true
            break
        when userinput == 2
            system "Clear"
            puts ""
            puts ""
            puts "GAME OVER!"
            puts ""
            puts ""
            puts "She thinks you were looking at her boobs and she slaps you. You get kicked out. "
            puts ""
```

OUTLINE

```ruby
def section_1_message
    puts ""
    puts ""
    puts "You see a girl at the bar that peaks your interests and gets your testosterone
    puts ""
    puts ""
    puts "NEXT?"
    puts "Do you.."
    puts ""
    puts "(1). Make eye contact with her?"
    puts ""
    puts "OR"
    puts ""
    puts "(2). Stare at her body?"
end

def section_2_message
    puts ""
    puts ""
    puts "You make eye contact with her."
    puts "She looks back at you and smiles."
    puts ""
    puts ""
    puts "NEXT?"
    puts "Do you.."
    puts ""
    puts "(1). Walk towards her with super confidence?."
    puts ""
    puts "OR"
    puts ""
    puts "(2). Smile back at her with super confidence?."
end

def section_3_message
    puts ""
    puts ""
    puts "You approach her so now her attention is focused on you."
    puts ""
    puts ""
```

Work

Hard.

Working all the time

Then We Have A Break

Tools

Git

- For control utilities.

Slack

- For communication.

Git hub

- For project management between developer

Trello

- For planning and tracking the progress.
